SECTION: Mission & Governance
TOPIC: Burrell College Mission
Approved: Signature on File

Policy: B1000
Approval Date: 1/22/19
Revision Date: 6/22/2026

POLICY

Burrell College of Health Sciences shall adopt a mission that is consistent with the delivery of osteopathic medical education and health-related education that reflects the goals and objectives of its academic programs. The mission statement shall be subject to periodic review and reaffirmation of continued relevance upon counsel with faculty and students.

RESPONSIBLE OFFICIAL(S):

Board of Trustees

PROCEDURE:

1. The College shall conduct periodic strategic planning to identify tactical initiatives for its mission-centric areas. This process shall ensure alignment of the College's mission with its guiding principles and programmatic objectives.
2. The College shall use the strategic planning process to state its mission and promote faculty and student dialogue to attain consensus and affirmation.
3. The College President shall transmit any proposed modifications to the mission or the Mission Statement to the Burrell College Board of Trustees who shall solely determine final approval and adoption.
4. The College shall ensure campus-wide distribution of the Mission Statement and any associated statements of vision and values along with the College's tactical initiatives.
5. The College shall report progress in meeting its tactical initiatives at least annually and reaffirm its mission and strategies as necessary.
