POLICY

Burrell College of Health Sciences shall maintain in effect state licensure in states in which the College operates, as required by law. The College shall further maintain accreditation by any additional accreditors authorized by the US Department of Education.

RESPONSIBLE OFFICIAL(S):

Office of Institutional Effectiveness

PROCEDURE:

1. The College shall abide by all rules and statutes established by the states in which licensure is held and prepare such reports as may be required to remain in compliance with such rules that govern post-secondary education in those states.
2. The College shall submit, as scheduled or requested, such documents as may be required by the states in which licensure is held to continue its authority to operate the College.
3. The College shall maintain all records of such submissions and shall receive all communication from the states in which licensure is held relating to the College's compliance with regulatory guidelines under this procedure.
4. The College shall similarly maintain accreditation through institutional and programmatic accreditors and retain all documents that may be required to confirm accreditation status.
5. The College will maintain all such additional accreditations or licenses as may be required by any state in which students enrolled in programs of the College may be required to complete any part of the degree program.
