

Burrell College Organizational Structure for Research

The President has designated Institutional Official (I.O.) for Research Responsibilities to the Assistant Dean for Research. The I.O. has oversight responsibility and signatory authority to ensure compliance in all research functions of the College ([Burrell Policy B8500](#)). The Dean of the College is the Chief Academic Officer appointed by the and appoints the Assistant Dean for Research. The Assistant Dean for Research provides oversight of the Office of Research and Sponsored Programs (ORSP). The Research Advisory Council includes elected members from the faculty and serves in an advisory capacity to the Assistant Dean for Research. Two Directors are appointed from the faculty by the Assistant Dean for Research. The Director of Student Research is responsible for providing oversight of various student research activities including the Summer Research Experience and Medical Student Research Day. The Director of Research Laboratories provides oversight of the operational aspects of the Burrell Research Laboratories. A Scientific Research Associate manages the Research Laboratories and also serves as the Chemical Hygiene Officer for Two compliance committees provide institutional level oversight in accordance with federal regulations and guidelines. The Institutional Review Board (IRB) is an institutional level board responsible for oversight of research involving human subjects and is appointed by the Institutional Official. The Institutional Biosafety Committee (IBC) is an institutional level committee responsible for oversight of research involving recombinant DNA and biohazardous agents. The I.O. for Research assures that the IRB and IBC are appropriately resourced and empowered.
