5. Procedural Steps
   1. Students and/or faculty/preceptors are required to disclose if they have been in a patient-care relationship.
   2. Upon notification, a conflict-of-interest mitigation process will be initiated to prevent a preceptor or faculty member rendering a grade for a student where a patient-care relationship has occurred or is currently occurring.
   3. If the student is OMS I or II the Office of Student Affairs along with the Office of Pre-Clinical Education will ensure an alternate faculty member renders a grade for the student.
   4. If the student is OMS III or IV, the Office of Clinical Education will assign the student to an alternative preceptor upon notification.
   5. In an emergency situation, a healthcare provider may provide care to a student if no other qualified provider is available. The College will work to assign an alternative faculty member to assign a grade once the patient-care relationship is established.
