

Burrell College of Osteopathic Medicine
Student Organization Event Alcohol Attestation

Regarding the availability of alcohol at chartered student organization events, if the event is approved, the host organization will abide by the following:

- Students may not consume or be in possession of alcoholic beverages on the College campus (per the student handbook).
- Student organizations may request the availability of alcohol at an off-campus student event. The Office of Student Affairs will review all requests and provide the determination.
- Members of the Burrell community in attendance at an off-campus student event as representatives of the school and the field of medicine, will abide by the Code of Professional Conduct, Student Handbook, local laws, etc.
- Abide by the Bylaws of the Student Government Association, which governs the appropriate use of club funds.
- Ensure that publicity for the event will not advertise the availability of alcoholic beverages.
- Ensure that a representative of the hosting organization will be present at all times during the function.
- Make reasonable efforts to ensure that alcoholic beverages will not be consumed by individuals under 21 years of age.
- Make reasonable efforts to ensure that non-alcoholic beverages will be available in sufficient quantities.
- Limit attendance of the event to members of the campus community and their guests. The term "guest" does not imply the general public.
- Have a plan for the transportation of impaired guests. Options include: designating group members who will provide transportation; calling a taxi; encouraging individuals to schedule via ride share app (e.g., Uber, Lyft, etc.); prearranging transportation to and from your event through a local business

By signing below, I attest that the student organization I represent will abide by the terms of this document.
