HEALING COMMUNITIES & SHAPING FUTURES

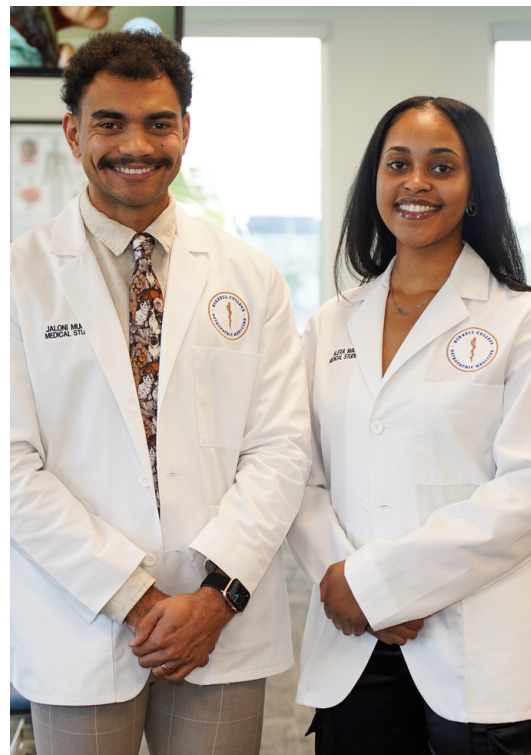

Burrell College 2024 Community Impact Report

Each student we train is a promise to the future. A healthier family, a safer town, a life saved. Burrell's mission extends far beyond the classroom—our doctors in training are on the ground today, healing communities and shaping a future where healthcare is compassionate, accessible, and community-driven.

BURRELL COLLEGE OF OSTEOPTHIC MEDICINE

Melbourne, FL

MESSAGE FROM THE PRESIDENT

John, L. Hummer, MHA
President and
Co-Founder

As we reflect on the accomplishments of 2024, Burrell College of Osteopathic Medicine stands proud of the strides we've made in empowering communities and doing our part to advance health equity.

This year marked a significant milestone with the inauguration of our second campus in Melbourne, Florida. This expansion allows us to extend our mission, providing quality osteopathic medical education to a broader range of students and addressing healthcare disparities in new regions.

Our students have demonstrated an unwavering commitment to community service, contributing thousands of volunteer hours across various initiatives. These efforts not only enrich their educational experience but also make a tangible difference in the lives of those we serve.

We are honored to have received the Health Professions Higher Education Excellence in Diversity (HEED) Award for the third consecutive year, recognizing our dedication to fostering an inclusive and diverse learning environment.

These achievements are a testament to the collective efforts of our faculty, staff, students, and community partners. Together, we are building a future where quality healthcare is more accessible to the communities we serve.

Sincerely,
John Hummer
President
Burrell College of Osteopathic Medicine

MESSAGE FROM THE DEAN

William Pieratt, DO, FACP
Dean and Chief
Academic Officer

The year 2024 has been transformative for Burrell College of Osteopathic Medicine, marked by significant achievements that underscore our commitment to excellence in medical education and community engagement.

We proudly celebrated the graduation of 147 student doctors, our largest class to date. These graduates have matched into a diverse array of specialties, reflecting the comprehensive training and preparation they received during their time at Burrell.

Our dedication to maintaining the highest standards in medical education was recognized with the prestigious "Accreditation with Exceptional Outcome" status from the American Osteopathic Association's Commission on Osteopathic College Accreditation. This ten-year accreditation affirms our unwavering commitment to academic excellence and student success.

Furthermore, our students have engaged in meaningful community service, contributing thousands of volunteer hours to various initiatives. These experiences not only enhance their education but also embody our mission to serve and uplift the communities around us.

As we look ahead, we remain steadfast in our mission to educate and inspire the next generation of osteopathic physicians, equipped to meet the evolving healthcare needs of diverse populations.

Sincerely,
William Pieratt, D.O.
Executive Vice President of Academic Services, Dean,
and Chief Academic Officer
Burrell College of Osteopathic Medicine

The Class of 2024 recites the Osteopathic Oath during their commencement ceremony, marking their official transition into the medical profession.

OUR MISSION

Para la gente y el futuro: For the people and the future, The Burrell College of Osteopathic Medicine educates a diverse osteopathic physician workforce committed to improving the quality and access to healthcare in underserved communities.

OUR VISION

The Burrell College of Osteopathic Medicine will be celebrated for preparing culturally competent physicians dedicated to serving the Southwest, particularly among its Native American and Hispanic populations, and further extending locally and nationally to all underrepresented communities served by the College.

**9,997 HOURS OF STUDENT
VOLUNTEERING IN JULY 2023 - JUNE 2024**

**75 STUDENT-LED
ORGANIZATIONS**

- Students volunteered for multiple food and clothing drives for the community
- Students provided health Screenings at several community health fairs throughout the year in the Las Cruces community, including City Hall, Raices de Saber Xinachtli Community School and other community venues
- Student volunteered with local community organizations assisting with food distribution, including El Caldito soup kitchen.

- Students hosted a 5k fun run for the community, distributing materials to help educate the community an cancer awareness and preventative health.
- Multiple students helped train attendees during the STOP THE BLEED® Interactive Course. Attendees learned three quick techniques to help save a life before someone bleeds out.
- Student organizations hosted elementary, middle, and high school students from the area, providing an introduction to medicine, providing campus tours, and demonstrations.
- Students partnered with Vitalant to host a blood drive on the Burrell campus.

FLORIDA CAMPUS

In July 2024, Burrell College of Osteopathic Medicine welcomed 108 new student doctors at the official opening of its Florida campus, marked by a special ribbon-cutting ceremony. Located on the campus of the Florida Institute of Technology, our new site began its journey under the leadership of Campus Dean Dr. Doris Newman. Since opening, the Florida campus has quickly become an integral part of the region's healthcare landscape—training future physicians, building strong partnerships with local hospitals and clinics, and addressing the growing healthcare needs of Florida's Space Coast.
