Scholarship Search Engines

- Federal Student Aid-The federal website provides in depth information on scholarships, loans and all types of financial aid, and includes links to other scholarship websites, and unusual, uncommon and specialized scholarships. <https://studentaid.gov/understand-aid/types/scholarships>.
- Finaid -Was established in the fall of 1994 as a public service. This award-winning site has grown into the most comprehensive source of student financial aid information, advice and tools -- on or off the web. <http://www.finaid.org/scholarships/>
- FastWeb -The largest and most complete source of scholarships available with personalized matching of scholarship to your unique profile. You can also look for college profiles and search job internships. <https://www.fastweb.com/college-scholarships>
- Sallie Mae -Sallie Mae website which lists numerous private scholarships, grants, tuition waivers, internships, and fellowships. The challenge is how to find them, how to apply for them, and how to increase your chances of being awarded as many as you can. Sallie Mae scholarship search can help. <https://www.salliemae.com/college-planning/college-scholarships/>
- Big Future by The College Board -is an alternate scholarship search engine with information and links to other sites. <https://bigfuture.collegeboard.org/>

Outside Scholarships & Grants

Generally, students who wish to apply for scholarships or grants provided by an outside source must apply directly with the source. In some instances, the school must certify student enrollment to the aid provider. If the award for which you are applying requires school certification, please contact the Office of Financial Aid for assistance.

Once you have been approved for an outside scholarship or grant, you are required to submit the Third-Party Financial Aid Reporting Form along with documentation of your award to the Office of Financial Aid, required by federal regulations. Failure to follow this directive may result in cancellation or reduction of your award(s).

Students are encouraged to review the college's online list of Scholarship Opportunities and to conduct their own searches as well. In order to be considered for one of these awards, students should apply early and follow the application instructions provided by the awarding organization. Unless a scholarship specifically states that it is automatically awarded, scholarships are awarded competitively, and consideration does not guarantee that a scholarship will be approved. To ensure maximum consideration, it is imperative that students are knowledgeable of the specific requirements and deadlines associated with all scholarship programs.

Military and Veterans Programs

The College is proud to assist service members, veterans, and their families in accessing the education benefits they have earned through their years of service to our nation.

If you have served in one or more branches of the US military, you may be eligible for education benefits provided by the Department of Veterans' Affairs. Those who are currently serving in the military may also be eligible for funding offered through the Department of Defense Tuition

Assistance Program. In addition, if you are the spouse or child of a deceased or disabled veteran or a service member who is eligible for the Post-9/11 GI Bill™, you may qualify for education benefits as well.

Please visit our [Veterans Programs](#) link to get more information about applying VA Education Benefits, for which you might be eligible.

Burrell College of Health Sciences students are eligible to apply for the military HPSP (Health Professions Scholarship Program). There are also other military opportunities available once the student graduates from medical school. If you are interested in this program or others, please visit
